# How to:

## TIP

To get started, download the template above.

## STEP 1

Use the template provided and cut out all of the shapes from felt.

## STEP 2

Sew the belly, eyes, pupils and mouth area to the front body piece. When sewing the mouth area onto the felt, stitch a nose and smile onto your bear's face.

## STEP 3

Use embroidery thread to sew the two body pieces together leaving a small gap. Insert the wadding before finishing your sewing. Sew in the arms, legs and ears as you go.

## STEP 4

Cut a length of ribbon to create a bow. Place the bow on your bear's neck and attach with glue.

## STEP 5
