How to:

STEP 1

Begin by giving your wooden insect shapes and the top bars a coat of white paint. Allow to dry. This is not essential but provides a good base for painting.

STEP 2

Paint your insects and the top bars in bright colours. Allow to dry.

STEP 3

Gently paint over your insects and top bar with a coat of glitter paint. This will add a touch of sparkle. Allow to dry.

STEP 4

Add wiggle eyes to your insects using PVA glue and draw smiles on their faces using a marker.

STEP 5

Further decorate your insects using sequins. Attach with glue.

STEP 6

Tie some gold thread onto each insect and attach to the top bars.

STEP 7

Finally tie a loop above the top bars to hang your mobile.
