How to:

STEP 1

Begin by giving your planets and stars a coat of white paint. Allow to dry. This is not essential but provides a good base for painting.

STEP 2

Paint your planets and stars with bright paint. Allow to dry.

STEP 3

Gently paint over the shapes with a coat of glitter paint. This will add a touch of sparkle.

STEP 4

Sprinkle glitter over your shapes while the paint is still wet.

STEP 5

To add texture roughly rip up some confetti into small pieces. Attach with glue.
