### Materials:

- 13422 - Waxed Thread - Natural - Pack of 3
- 13695 - Printed Wooden Beads - 200g Pack
- 14037 - Jute Twine - Thin - 70 Metres
- 10897 - Student Scissors - Pack of 20

# How to:

## STEP 1

To create your necklace, cut a piece of Jute Twine (50cm). Measure 30cm and tie a knot.

## STEP 2

Thread one bead all the way to your 30cm knot and tie it in place with another knot.

## STEP 3

Thread another three beads on the Twine and tie them in place with a knot.

## STEP 4

Thread one last bead on and tie it in place with a knot (you may wish to add more beads and knots to this necklace).

## STEP 5

Tie the two loose ends of the necklace together, creating a finished piece of jewellery!

## STEP 6

Alternatively you can create a bracelet, cut a piece of Jute Twine (30cm). Measure 5cm and tie a knot.

## STEP 7

Thread on eleven beads and tie a knot after the last bead. (Amount of beads will vary depending on how big or small your bracelet is).

## STEP 8

Measure the bracelet on your wrist and tie the loose ends into a knot. Trim any excess Twine.
