- 15800 - CleverPatch Junior Artist Paint - 500ml - Set of 11 colours
- 16682 -

How to:

STEP 1

Assemble your 3D remote holder before decorating to ensure easy construction. For permanent assembly you will need to glue the pieces together. See template for instructions.

STEP 2

Begin by giving your remote holder a coat of white paint. Allow to dry. This is not essential but provides a good base for painting.

STEP 3

Paint your remote holder in bright colours. Allow to dry.

STEP 4

Apply a coat of glitter paint to add a touch of sparkle. Allow to dry.

STEP 5

Once your remote holder is completely dry, use a marker to draw detail on your car.

STEP 6

You may also like to foam embellishments for wheels or a race car number. Attach with glue. Allow to dry.
