- 13122 -
- 13652 - CleverPatch Cover Paper Assorted - A4 - Pack of 275

How to:

STEP 1

Paint your card lightly with paint. Allow to dry.

STEP 2

Cut out the shapes of the train, rocket or boat. Use these shapes to trace or draw them onto coloured pieces of paper. We used different papers including coloured, textured and patterned papers.

STEP 3

Use foam circles and small buttons for the wheels of your train and windows of your rocket.

STEP 4

Add extra sparkle to your rocket by painting some PVA glue underneath the rocket and sprinkling on a little silver glitter. This will make the rocket look like it is blasting off!

STEP 5

Once you are happy with your decorated card and all the paint and glue has dried, write a special message inside and give to Dad or Grandpa for Father's Day!
