# How to:

## STEP 1

Prepare an area for clay work by putting down some scrap paper or a splash mat onto a flat surface.

## STEP 2

Using a roller, roll out your clay to the desired thickness. You could also flatten out with your hand if you prefer.

## STEP 3

Using a roller, roll out your clay to the desired thickness. You could also flatten out with your hand if you prefer.

## STEP 4

Cut out your Ankh shape with a modelling tool. Lift away the excess and leave your Ankh shape to dry.

## STEP 5

Alternatively you could simply sculpt your amulets by hand just by looking at the pictures!

## STEP 6

Paint your Ankh amulet with gold metallic paint. Allow to dry.
