## How to:

### STEP 1

Paint the weaving shape in black paint. While the paint is still wet, sprinkle lightly with glitter. Allow the paint to dry.

### STEP 2

Cut a length of white yarn and thread through the pre-cut holes in the weaving shape. Thread the yarn diagonally across the weaving shape to create a spiderweb.

### TIP

Take a look at our Pom Pom Spider and learn how to make a spider for your weaving web.

### STEP 3

Grab a small pom pom spider and place on the top of the spider web!
