- 15799 - CleverPatch Junior Artist Paint - Black - 500ml

# How to:

## STEP 1

Paint your decofoam half circle with black paint. Allow to dry.

## STEP 2

Cut four chenille stems in half, making eight pieces to use as legs. Poke each of them into the body of your spider. Then bend each leg in half.

## STEP 3

Glue on wiggle eyes to give your spider a face.

## STEP 4

Cut out an orange strip of paper in the shape of a long triangle and glue onto your spider's back.
