How to:

STEP 1

Begin by giving your popsticks a coat of white paint. Allow to dry. This is not essential but provides a good base for painting.

STEP 2

Draw three teardrop shapes (3cm long) and one larger teardrop shape (6cm long). Carefully cut the shapes out. The shapes will make your reindeers ears, tail and head.

STEP 3

Paint your popsticks and teardrop shapes brown. Allow to dry.

STEP 4

Glue all pieces of your reindeer frame together. Look to our designs as a guide.

STEP 5

Twist and bend chenille stems to make antlers. Tape the antlers to the back of your reindeer's head.

TIP

When working with photos try photocopying your photos rather than cutting up an original!

STEP 6

Add wiggle eyes and a glitter pom pom for a nose to your reindeer's face. Attach with glue.

STEP 7

Attach a photo to the back of the frame with tape.
