How to:

TIP

Once the sand reaches the top of the balloon, push and squish it down into the base of the balloon to allow more sand to be added. This creates a more solid base for the balloon monster to be sat up.

STEP 1

Using a small funnel, fill up your balloons with sand.

STEP 2

Once the balloons are full of sand, tie a knot in the end of each.

STEP 3

Cut out various shapes from the adhesive foam and stick them onto the balloons to create weird and wacky faces. Add wiggle eyes with glue.

STEP 4

Create a whole squishy monster family!
