How to:

TIP

When creating your design leave one bead out to create a hole in your design. This hole can be used to thread a length of yarn and turn your shape into a beautiful piece of jewellery.

STEP 1

Think about the shape of your design before you begin. The shape of your design will determine whether you use a square or round peg board.

STEP 2

Create a design on the appropriate peg board by carefully placing the Iron-Me Beads on individual pegs. Look to our designs for inspiration or come up with your own.

STEP 3

Once you are happy with your design, place a piece of baking paper over the top of it and iron your shape until the beads melt together. Allow to cool. Adult assistance required.

STEP 4

Peel off the baking paper, flip your shape and cover with baking paper to iron the reverse side together.

STEP 5

Cut a long length of yarn and thread it through the hole in your shape. Tie the ends to secure and turn your fruit shape into a necklace. Try and create lots of different types of fruit shapes and turn them into
