Materials:

10798 - Ribbon Pack - 65g Pack

14275 - Jute Twine - Thick - 140 Metres

10897 - Student Scissors - Pack of 20

How to:

STEP 1

Choose the two colours of ribbon that you'd like to use to make your bracelet. Tie these together at one end.

STEP 2

Cut a length of jute twine, approximately 30cm long, and fold it in half. Tie the ribbon around the top of the jute leaving a small gap creating a loop.

STEP 3

Begin your bracelet by weaving and knotting the ribbon over and around itself as shown in the picture.

STEP 4

Keep weaving and knotting the ribbon onto the jute twine.

STEP 5

Continue this technique until you have covered enough of the jute twine to wrap around your wrist.

STEP 6

Once you are happy with the length of the decorated twine, knot the loose ribbon and trim the ends.

STEP 7

To finish the bracelet, wrap it around your friend's arm and thread one of the loose ends through the loop and tie to secure. Cut off the excess twine.

STEP 8

Try creating lots of different coloured bracelets for all of your friends!
