# How to:

## TIP

Create a skin tone colour by mixing a touch of brown paint into white paint. Add more brown paint to create a darker complexion.

## STEP 1

Paint your paper person a skin tone colour of your choice. Allow to dry.

## STEP 2

Pop all of the paper body parts from their packaging.

## STEP 3

Punch holes in the tops of the arms and legs and on the shoulders and hips.

## STEP 4

Join the limbs to the body using paper fasteners.

## STEP 5

Continue this process and create lots of different bodies.

## STEP 6

Using an assembled paper body as a template, create clothing from felt. You can create any clothes you like, just attach your felt to the cardboard with glue.

## STEP 7

Add extra decoration using foam stickers and CleverGlitz™

## STEP 8

Create hair for your paper people using felt or yarn. Attach with glue.

## STEP 9

Add a face to each of your paper people. Use a marker to draw on a mouth and add some wiggle eyes. Attach with glue.

## STEP 10

To string your paper people together, punch a hole in their hands and join with a paper fastener. Repeat this process with all of your paper people to join them all.
