How to:

STEP 1

Assemble your phone holder before decorating for easy construction. For permanent assembly you will need to glue the pieces together.

STEP 2

Give your phone holder a base coat of white paint. This is not essential but provides a good base for painting. Allow to dry.

STEP 3

Paint your phone holder with bright colours. Paint stripes for a traditional beach chair look. Allow to dry.

STEP 4

Outline the stripes with black marker so they stand out.

STEP 5

Cut up different lengths of chenille stem to frame the edge of the phone holder and create arm rests on the beach chair. Attach with glue.

STEP 6

To create a towel with a piece of felt, cut the felt to approximately 5cm x 8cm and fray the two short edges by cutting short slits along the edge.

STEP 7

Throw the mini towel over the top of your mini beach chair to complete your phone holder. Attach with glue.
