How to:

STEP 1

Assemble your wooden mobile phone holder before decorating to ensure easy construction. For permanent assembly you will need to glue the pieces together.

STEP 2

Begin by giving your phone holder a coat of white paint. Allow to dry. This is not essential but provides a good base for painting.

STEP 3

Paint your phone holder in bright colours. Allow to dry.

TIP

If you would like to be able to draw on your holder with chalk, use chalkboard paint instead of regular paint.

STEP 4

You may like to add glitter to your design for extra sparkle or add some collage materials such as fabric flower petals.
