How to:

STEP 1

Arrange your patty pans so that they sit inside one another, getting smaller towards the centre. Secure in place with glue. Allow to dry.

STEP 2

Cut a small circle from a metallic patty pan and glue to the centre of your flower. Allow to dry.

STEP 3

Attach a button to the centre of your flower with glue. Allow to dry.

STEP 4

To create a stem for your flower, cut a long strip of green crepe paper, wrap the strip around the skewer covering it completely. Attach with glue.

STEP 5

Attach the stem to the back of your flower with tape.

STEP 6

Get creative and make a whole bouquet of flowers. You might like to fill a glass jar with sand to hold your bouquet.
