STEP 1
Cut your tissue paper into small squares.

TIP
You may like to water down your PVA to make it easier to apply.

STEP 2
Coat your tealight holder with glue and attach your tissue paper squares. Once your tealight holder is covered with tissue paper, coat it with another layer of glue. Allow to dry.

STEP 3
To make a belt, cut a thin strip of black felt and attach it around the middle of your tealight holder with glue. Allow to dry.

STEP 4
To create a buckle, cut a small square from gold paper and carefully cut out the centre of it. Attach with glue. Allow to dry.

STEP 5
Add embellishments to add character to your tealight. We added some cotton balls around the top to create Santa's coat and a red felt collar to create an Elf! Attach with glue. Allow to dry.
