How to:

STEP 1

Give your snowflake a coat of white paint. This is not essential but provides a good base for painting. Allow to dry.

STEP 2

Paint your snowflake with your silver paint. Allow to dry.

STEP 3

Give your snowflake a coat of glue and sprinkle with glitter or sequins. Allow to dry.

TIP

For less glitter wastage, use a scrap piece of paper folded in half to catch the glitter falling off your snowflake while decorating. This will make it easy to tip the glitter back into the container ready to reuse!
