- 17672 - Cotton Bucket Hat - Each
- 10715 - Splash Mat - Blue
- 10785 - Felt Bundles - Squares - Pack of 100

How to:

STEP 1

Lay down your splash mat to avoid mess then take your plain bucket hat and decorate using the fabric paints. We used one colour for all over the hats however you may wish to use multiple colours - be as creative as you like!

STEP 2

Fold up the brim of your hat and use the hot glue gun to stick the fabric petals in a circle, layering the petals to create a flower shape.

STEP 3

Cut a circle out of the yellow card and glue in the centre of the flower to finish off your cute bucket hat!

STEP 4

Another option for decorating your hat would be to use felt to cut out shapes and create a design that you can then stick on. The possibilities are endless!
