# How to:

## STEP 1

Think about what character you would like to display in your Snow Wonderland.

## STEP 2

Sketch out your design onto a piece of paper before you start to create your character. This is not essential, but helps with planning your snowy scene.

## STEP 3

Mould a base for your character approximately 2cm H x 2cm W x 2cm D.

## TIP

Remember that your character will appear bigger submerged in your glass jar.

## STEP 4

Model your character on its base about 8cm H x 2 cm W x 2cm D.

## STEP 5

Mould the base of your character to the lid, to help it stick.

## STEP 6

Fill your jar with water, but do not fill it all the way to the top.

## TIP

You may like to add a drop of detergent or glycerine to prevent the glitter from sticking to the surfaces of the clay, the glass and enable it to flow freely.

## STEP 7

Add approximately half a teaspoon of glitter and be sure to mix it through.
