- 18891 - EC Liquid Watercolour - 250ml - Set of 12 Colours
- 13974 - CleverPatch Glue Stick - 40g

# How to:

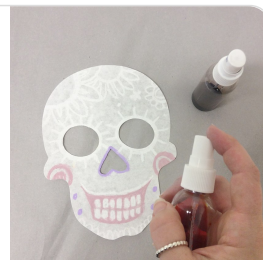

## STEP 1

Place down a piece of scrap paper or splash mat. Sketch out your design onto a piece of scrap paper before drawing on your skull with oil pastels. When selecting what colour pastels to use, choose either white or colours that are closest to white. Draw your design onto the skull.

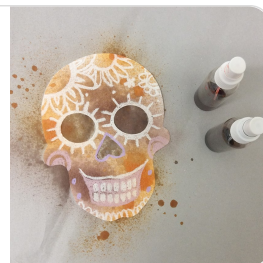

## STEP 2

Place the liquid watercolour into separate spray bottles. We have chosen to use orange and brown but you can choose any colour you like!

## STEP 3

Spray the skull with the liquid watercolour, holding it around 20-30cm away to make sure the watercolour looks splattered rather than blobs. Allow to dry.

## STEP 4

Glue your skull to a piece of dark coloured cardboard to help the colours on your skull stand out. Your Sugar Skull is now ready to be put on display for Halloween!
