

All About the Sea

All these blackline masters can be completed in a variety of ways. These activities are designed to be stimulating, crafty and fun! They range from simple colouring to more complex artworks depending on your requirements – it's up to you! They will equip children with important skills like colouring, cutting, gluing, folding, constructing and creative thinking. Below are some hints and tips for each page to help you get the most out of your blackline masters. For more Blackline Master Packs, information, tips and ideas, visit us online at www.cleverpatch.com.au

Construct a Turtle

Scissors, paper fasteners and glue or tape will be required to complete this activity. For best results, copy this blackline master onto cover paper.

Decorate with pencils, pastels, paint or markers. For a sparkly shell, cover the shell in a tiny bit of glue and sprinkle generously with glitter. Cut out each part of the turtle and attach the legs to the body with paper fasteners (use the grey dots as a guide to position the legs). Alternatively you can use glue or tape to join the legs to the turtle's body. Make lots of bright glittery turtles to decorate your classroom.

Crab and Starfish

Decorate with pencils, pastels, paint or markers. Add embellishments like glitter, sequins, rhinestones and sand. Cut out the crab and the starfish and use them to decorate a classroom sea display or use them to start a sea theme diorama.

Fish

Decorate with pencils, pastels, paint or markers. Add embellishments like glitter, sequins, rhinestones and sand. Cut out the fish and decorate the classroom with bright glittery fish.

Octopus

Decorate with pencils, pastels, paint or markers. Add embellishments like glitter, sequins, rhinestones and sand. Cut out the octopus and decorate the classroom with bright glittery octopus.

Seahorse

Decorate with pencils, pastels, paint or markers. Add embellishments like glitter, sequins, rhinestones and sand. Cut out the seahorse and decorate the classroom with bright glittery seahorse.

Slip, Slop, Slap Colouring Sheet

Teach children about the importance of sunscreen! Decorate with pencils, pastels, paint or markers. Add embellishments like glitter, sequins, rhinestones and sand.

Trip to the Sea Activity Sheet

Fill in the activity sheet questions about a trip to the sea you have had or a trip you would like to have. Draw or paste pictures of some of the things you saw and did on your trip to the sea. Alternatively find pictures of sea creatures in magazines and make a sea animal

collage.

Under the Sea Colouring Sheet

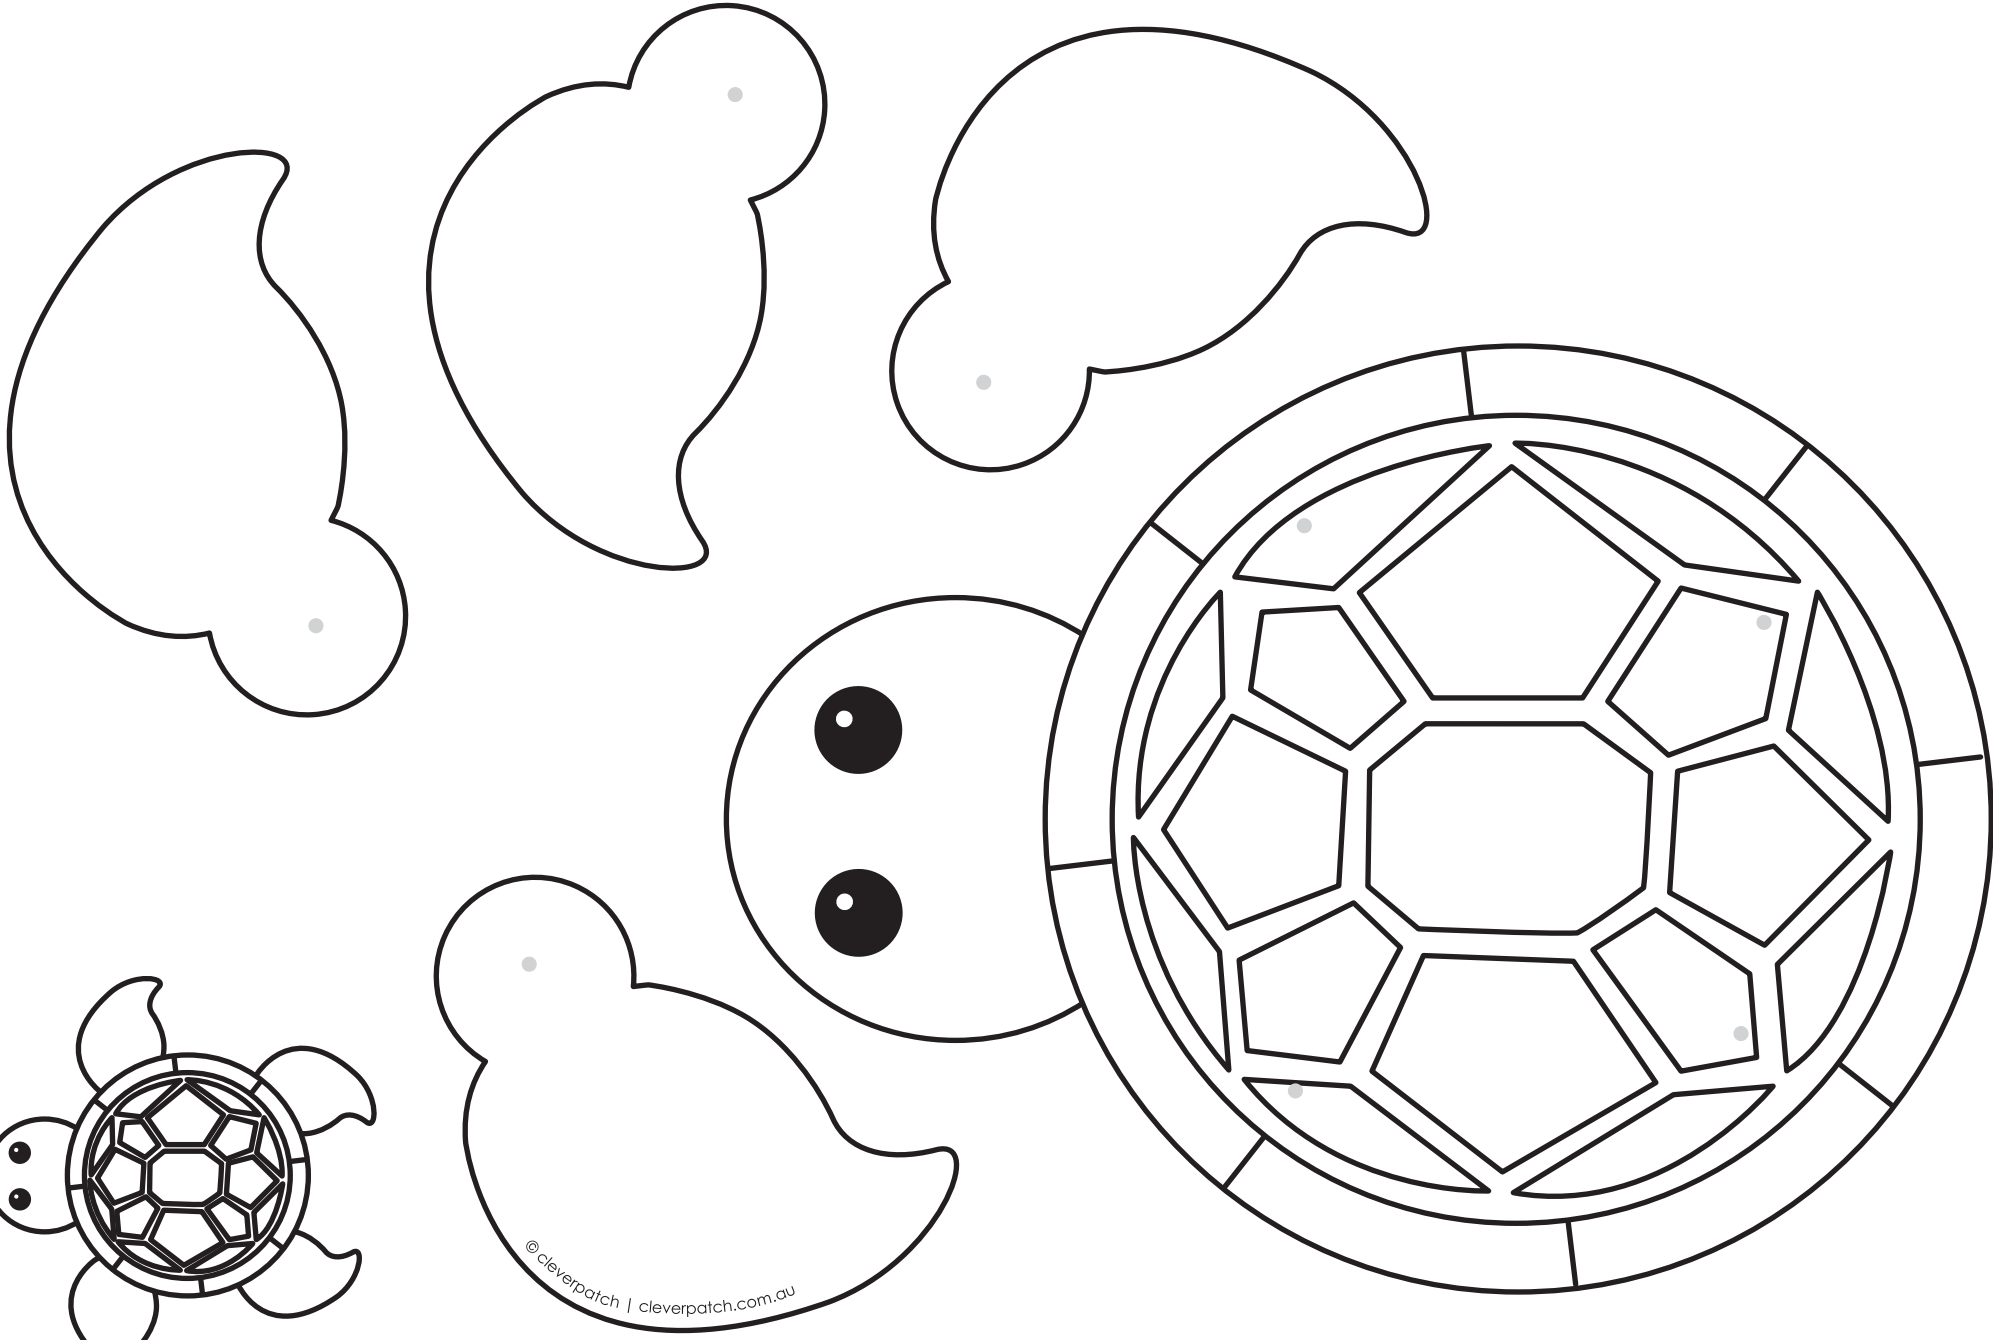

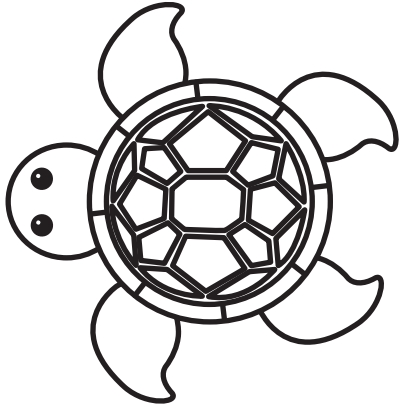

Decorate with pencils, pastels, paint or markers. Add embellishments like glitter, sequins, rhinestones and sand.

Waves

Decorate with pencils, pastels, paint or markers. Add embellishments like glitter, sequins and rhinestones. Use collage items such as tissue or crepe paper to create texture in the waves. Use colours that you see in the ocean like blues and greens. Once each child has decorated a set of waves, join all the waves together to make a beautiful wave mural. Add some fish, seahorse, crabs and other sea creatures on top of the waves to build up the sea mural.

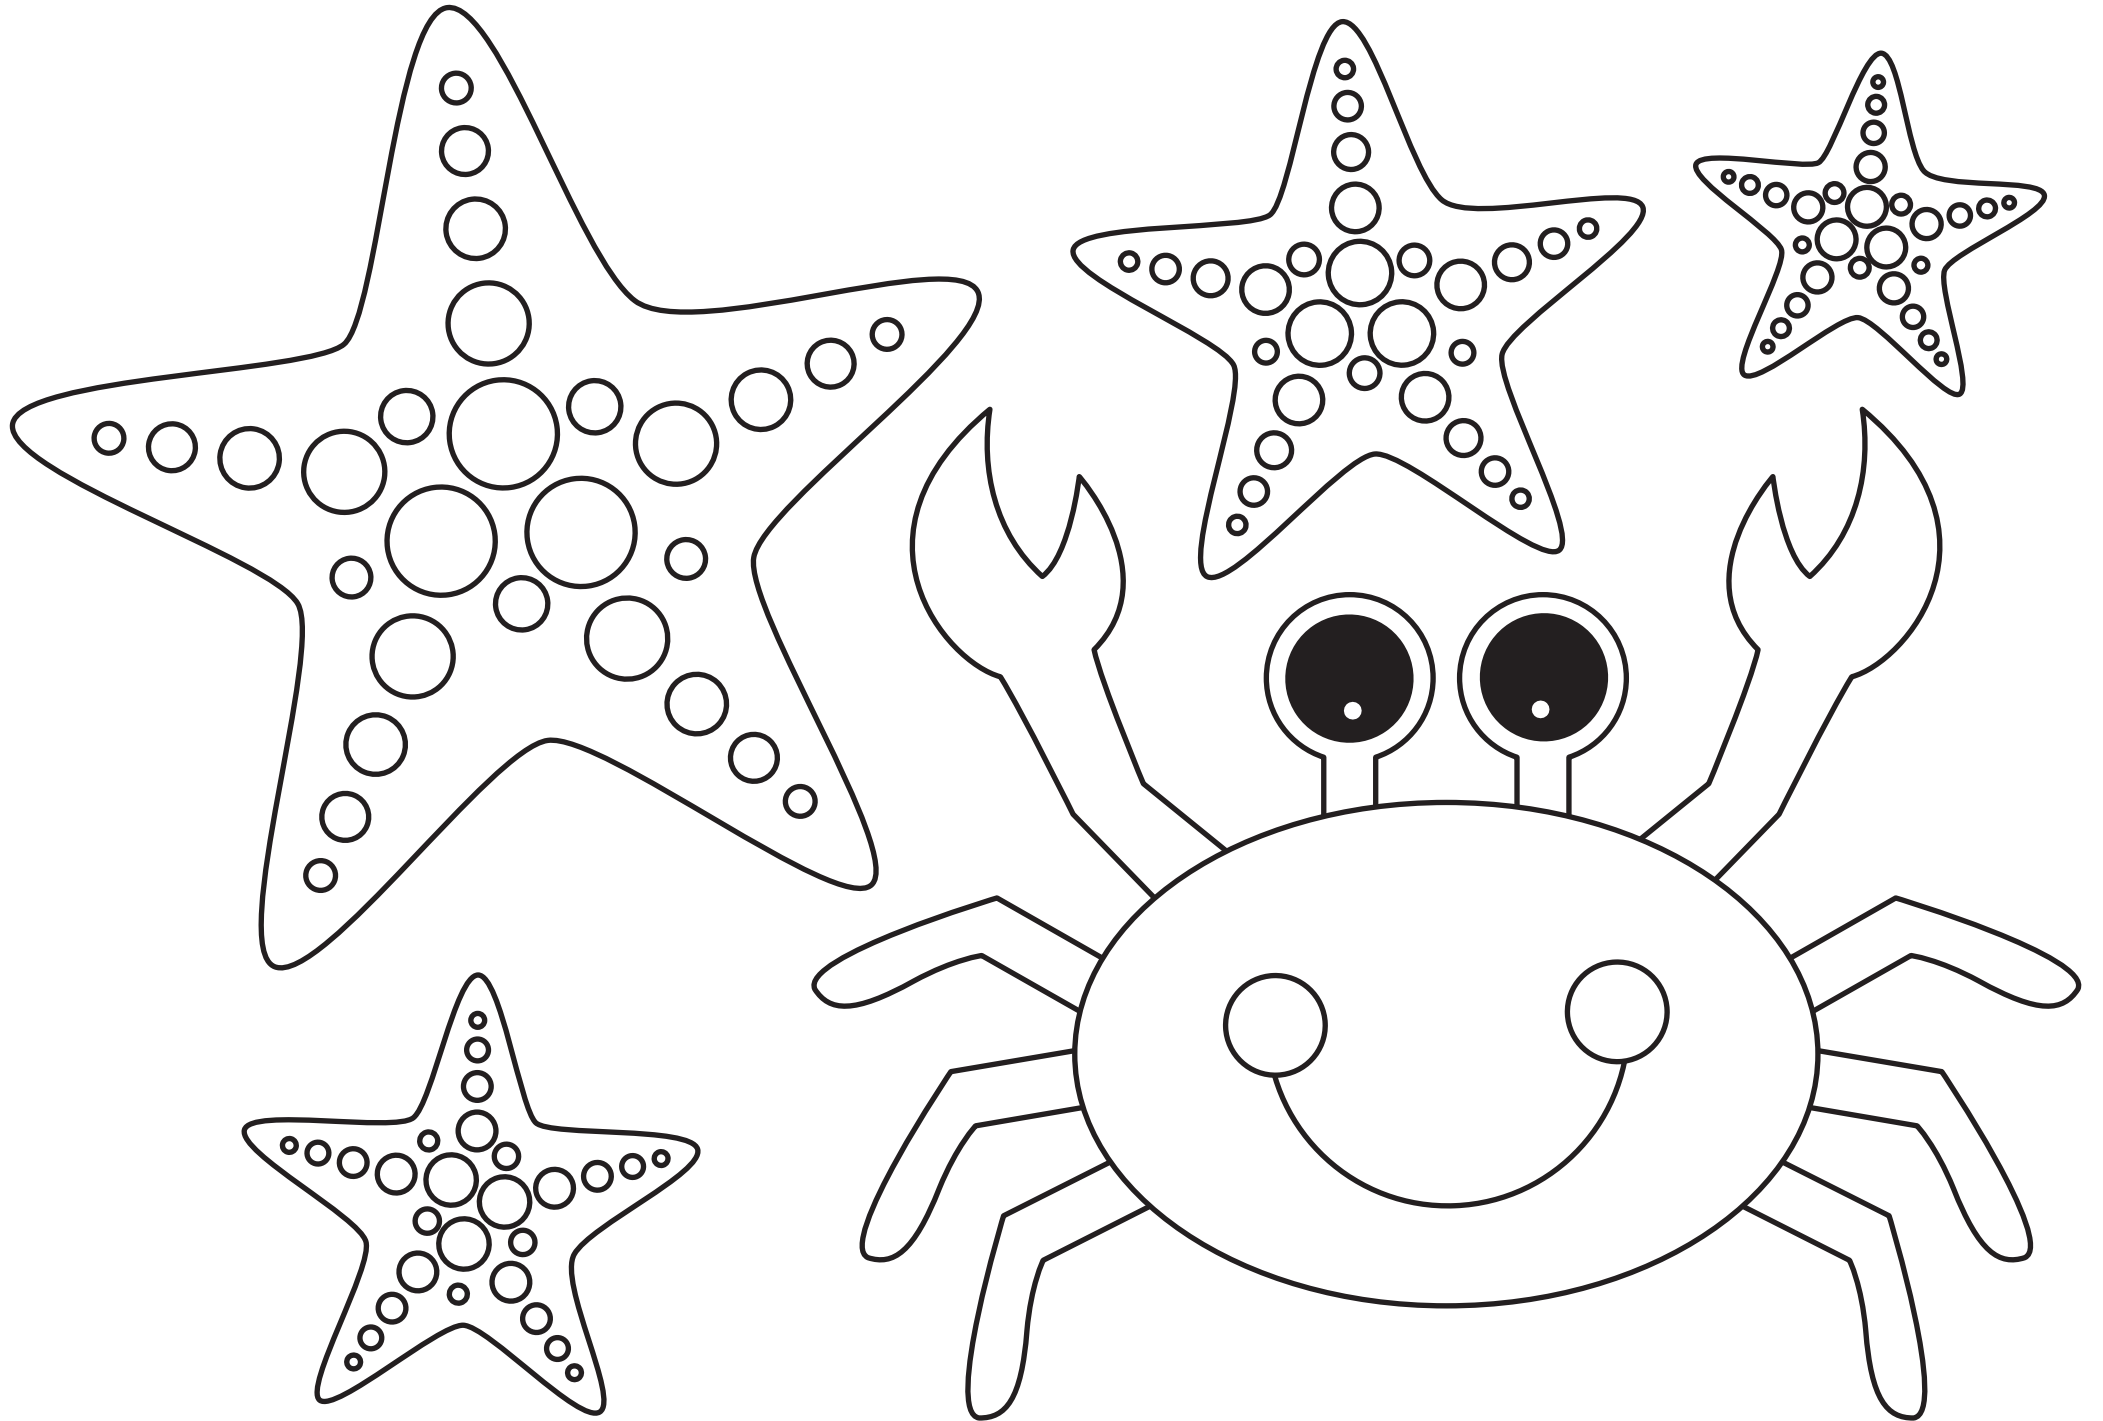

Whale

Decorate with pencils, pastels, paint or markers. Add embellishments like glitter, sequins, rhinestones and sand. Use tissue paper and scrunch up strips to decorate the water spout. Cut out the whale and decorate the classroom with lots of pods of whales.
