

## Composting Story Wheel

Use the instructions and templates below to complete your very own Composting Story Wheel! Scissors and a paper fastener will be required to complete this activity. For best results, copy the Blackline Master onto cover paper as this provides a great surface for decorating.

- 1 Decorate and cut out the wheels. Adult supervision is recommended when using scissors.
- 2 Lay the cut out wheels on top of each other and push a paper fastener through the middle of both wheels and secure.
- 3 Spin your wheel to reveal 'How To Compost!'
