

SECTION 1 Product & Supplier Identification

Product Name	Stamp Ink
Other Names	None
Product Code	20482, 20483, 20484, 20485, 20486
Barcode Number	
Recommended Use	Ink for use in stamps.
Restrictions on Use	None known
Company	CleverPatch Pty Ltd
ABN	48 130 866 885
Address	PO Box 7, Hunter Region Mail Centre, NSW, Australia 2310
Telephone	1300 836 522
Supplier Code	
Emergency Phone Number	Australia – 13 11 26 (Poisons Information Centre)

SECTION 2 Hazards Identification**Classification of the hazardous chemical**

Hazardous chemical according to SWA and the ADG code. Not Dangerous Goods.

Physical hazards	Not classified	
Health hazards	Skin Sensitisation	Category 1A
Environmental hazards	Hazardous to the Aquatic Environment – Acute	Category 1

Label elements, including precautionary statements**Hazard symbols**

Exclamation Environment
WARNING

Signal word**Hazard Statements**

H317 May cause an allergic skin reaction
H400 Very toxic to aquatic life

Precautionary statements

Prevention	P280	Wear eye, hand and face protection.
	P261	Avoid breathing vapours.
	P272	Contaminated work clothing should not be allowed out of the workplace.
	P273	Avoid release to the environment
	P270	Do not eat, drink or smoke when using this product.
Response	P302+P352	IF ON SKIN: Wash with plenty of soap and water.
	P333+P313	If a skin irritation or rash occurs: Get medical advice / attention.
	P321	Specific treatment, see First Aid Measures (Section 4).
	P362+P364	Take off contaminated clothing and wash it before reuse.
	P391	Collect spillage
Storage	P403+P233	Store in well ventilated place. Keep container tightly closed.
Disposal	P501	Dispose of contents/container in accordance with local regulations.

SECTION 3 Ingredient Composition / Information

Chemical Entity	CAS No.	Proportion (to 100%)
5-chloro-2-methyl-4isothiazolin-3-one and 2-methyl-2H-isothiazol-3-one (3:1)	55965-84-9	0.05%
Non-hazardous components		to 100%

SECTION 4**First Aid Measures**

General Information Call the Poisons Information Centre if you feel that you may have been poisoned, burned or irritated by this product. The number is 13 11 26 from anywhere in Australia (0800 764 766 in New Zealand) and is available at all times. Have this SDS with you when you call.

Description of necessary first aid measures

- Eye** Immediately rinse with plenty of gently, running water for atleast 15 minutes, with eyes open wide as much as possible. Seek urgent medical attention.
- Skin** Wash off with soap and water. If any symptoms arise seek medical attention.
- Swallowed** Immediately rinse mouth with water. Repeat until contaminant is thoroughly removed. Give water to drink. Do not induce vomiting as this may risk further damage. If vomiting occurs give water to help dilution. Seek urgent medical attention.
- Inhalation** Remove affected person to a fresh air or well ventilated area. Seek medical attention if symptoms persist.

Personal protection for first aid responders

Make medical personnel aware of materials involved and take precautions to protect themselves.

Symptoms caused by exposure

Direct contact with skin may cause minor irritation.

Medical attention and special treatment

Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. If not already done seek medical attention.

SECTION 5**Fire Fighting Measures**

Extinguishing equipment

- Suitable** Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.
- Unsuitable** Anything that could spread the fire and or risk the safety of surrounding personnel.

Specific hazards arising from the chemical

Unlikely to burn, however it may support combustion when the water has been removed and gases hazardous to health maybe formed.

Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn.

General fire hazards No unusual fire or explosion hazards known.

SECTION 6**Accidental Release Measures**

Personal precautions, protective equipment and emergency procedures**For non-emergency personnel**

Keep unnecessary personnel away and isolate hazard area. If safe to do so stop leak. Wear appropriate protective equipment during clean up. Product is very toxic to aquatic life so contain spill to prevent contamination to drains / water ways. If spill cannot be contained contact Environmental Protection Authority and Local authorities. Collect and seal in properly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

For emergency responders

Isolate hazard area. Stop leak only if safe to do so. Wear appropriate protective equipment during clean up. Product is very toxic to aquatic life so contain spill to prevent contamination to drains / water ways. If spill cannot be contained contact Environmental Protection Authority and Local authorities. Collect and seal in properly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

Environmental precautions

Product is toxic to aquatic life, avoid discharge to drains, water ways or onto the ground.

Methods and materials for containment and clean up

Large spills – Stop flow and contain spill, if safe to do so. Absorb spill in sand, vermiculite, dry earth or other inert absorbent material. Collect and seal in clearly and properly labelled containers for disposal in accordance with local regulations.

Small spills – Wipe / clean up with absorbent material, e.g. cloth.

SECTION 7**Handling & Storage****Precautions for safe handling**

Avoid contact with eyes, skin and clothing. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities

Store in a cool, sheltered location away from direct sunlight and waterways. Keep containers tightly closed at all times when not in use. Store in clearly labelled containers.

SECTION 8**Exposure Controls / Personal Protection****Occupational exposure limits**

No OEL's noted for this product.

Biological limit values

No biological exposure values noted for this product.

Appropriate engineering controls

Use in a well-ventilated area. Provide an eyewash station and safety shower.

Individual protection measures, for example personal protective equipment (PPE)**Skin protection**

Wear impervious gloves and appropriate non-porous protective clothing. Do not wear short sleeve tops or short pants where unprotected skin is exposed.

Hygiene measures Use and maintain good industrial hygiene. Always wash hands after use. Routinely maintain safety equipment. Do not eat, smoke or drink when handling this product.

SECTION 9**Physical & Chemical Properties**

Appearance	Coloured liquid.
Odour	None
Odour threshold	Not available
pH	Not available
Melt point / freeze point	Not available
Boiling point	Not available
Flash point	> 65.6°C (open cup test)
Evaporation rate	Not available
Flammability	Not flammable
Upper/lower flammability limits	Not available
Relative density	Not available
Solubility in water	Not available
Partition coefficient	Not available
Auto-ignition temperature	Not available
Decomposition temperature	Not available
Specific Gravity	Not available

SECTION 10**Stability & Reactivity**

Reactivity Product is considered non-reactive under normal conditions of use, storage and transport.

Chemical stability This product is considered stable under normal conditions of use, storage and transport.

Possibility of hazardous reactions

No hazardous reaction known under normal use.

Conditions to avoid Extreme temperature variations, ignition sources and direct sunlight.

Incompatible materials

No data available for this product.

Hazardous decomposition

If engulfed in fire product may give rise to the release of obnoxious fumes including oxides of carbon.

SECTION 11**Toxicological Information**

Information on possible routes of exposure

Skin contact May cause irritation with some individuals.

Eye contact May cause eye irritation in some individuals.

Ingestion May cause mouth, throat irritation in some individuals.

Inhalation May cause respiratory irritation.

Symptoms related to exposure

Direct contact with skin may cause burning, redness and general irritation.

Acute No specific data available.

Serious eye damage / irritation

Based on classification principles, the classification criteria are not met.

Skin corrosion / irritation

May cause irritation in some individuals.

Germ cell mutagenicity

No data available.

Carcinogenicity No data available.

Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

Aspiration hazard No data available.

Additional Information

None.

SECTION 12**Ecological Information**

Ecotoxicity

This product is considered toxic to the aquatic environment. Do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.

Persistence and degradability

No specific data available.

Bio accumulative potential

No specific data available.

Mobility in soil

No specific data available.

SECTION 13**Disposal Considerations**

Disposal methods Dispose of this product and any water contaminated with this product in accordance with local regulations.

Contaminated packaging

The container in which the product is/was contained should also be disposed of in accordance with local regulations.

SECTION 14**Transport Information**

ADG Not regulated as dangerous goods.
IATA Not regulated as dangerous goods for IATA
IMDG Not regulated as dangerous goods.

Special Precautions No special precautions or requirements for transport

SECTION 15**Regulatory Information**

Safety, health and environmental regulations

This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)

Not allocated

AICS All components are listed in the Australian Inventory of Chemical Substances.

SECTION 16**Other Information**

Reason for Revision Create SDS in accordance with GHS requirements.

ADG Australian Dangerous Goods Code
AICS Australia Inventory of Chemical Substances
IATA International Air Transport Association
IMDG International Maritime Dangerous Goods Code
